CHARLES D. PENNEBAKER. SATURDAY, JULY 2, 1859.

A CARD FROM COL. MARSHALL.-We invite the attention of the public to the Card from Col. Mar-aball which we publish in another column. It apeaks most clearly and eloquently for itself. Cal. Marshall, who is now in our city, and in the highest spirits, assures us that, as soon as his private engagements will permit, in the course of a fortnight or so at furthest, he will take the stump for the Opposition. His beart is in the cause and reconstly the whole force of his matching will be a study and the most of the rights of the opposition. His beart is in the cause and reconstly the whole force of his matching will be a study and the most of the matching will be a study and the most of the matching will be a study and the most of the matching will be a study and the most of the matching will be a study and the most of the matching will be a study and the will be a study and the matching will be a study an the whole force of his matchless abilities the part of the Territorial Legislatures. They ave will be also. Let, the battle rage.

subject as one of the vilest and worst forms of Ah Jodge Nicholas, in the Card which oppeared olitonism. Their denunciation is unmeasured. ander his hard in the Journal of yesterday, says that he did not write the last resolution of the platform of the Opposition, and he is not sure that he matter, and, n few weeks ago, they published o few voted for it in the Committee, but, if he did, it was vegue sentences, said to be from his owe hand, with the understanding that it had no reference to prove it. But we are curious to see whell they enclasser in the Territories. He evidently knows dialaters in the Territories. all those Democrats who egget and only of Congress will say end do now, when Mr. Magoffin, driven from ell his fans a very positive conviction that it does not contain a very positive contain a very demn and wee not designed to condemn the dictrine publicly proclaimed egain and again in his speechesthat, sooner than call on Congress for tha or the policy of intervention for protection. He de clares that he could not have "acquiesced in the protection of slavery in the Territories which be no clause" if he had "supposed it susceptible" of such e construction. This is the only meterial point at lasue to the controversy which has elicited his Card; and to give, he would draw the -word and inaugural on this point he sustains as fully and emphatically.

Civil war! Will, can those editors and their followers, with the declaration upon their lips that Con Democrat. His entherity completely brushes from grees is imperatively bound to protect slavery in the e skirts of the Opposition the idle charge that its | Territories, and that the lallare of that body to dis platform sanctions or even telerates the heresy of charge the obligation would be a criminal or apon the South, the most atrocious shape of Abol-Nicholas we of course have nothing to do. Nor has | who, or last, holdly or audaciously announces to the

the Opposition of Kentacky. He alone is responsi-ble for his ewn opinions. Judge Nicholas is a gen-should render the protection in question, be would leman of high character and of eminent shility, but inangurate the reign of fire and steel throughout th it is no disparagement of either to say that his views | laud? on many prominent questions in American polities The Democratic organs, whose name are peculiar to himself. It is unnecessary to add mentioned, are in the habit of using very brave that the question of slavery in several of its aspect-is one of those. If, us he states in his Card, he voted feeted bravery will carry them. We shall see tion of the platform of the Opposi- whether, working tunely and submissively on in the tion (if he voted for it at all with the understanding | most galling of harmes-us, they will continue the. that it had no reference to slavery in the Territories, he voted for it with an understanding which, in our clear opinion, is not fairly warranted by the terms editor of the Lonsville Democrat in the violence and severy pulse in the large an-embly leat wild of the resolution, which a mejority of his colleagues and bitterness of his opposition to the exercise, by of the resolution, which a majority of his colleagues and bitterness of his opposition to the exercise, b on the Committee of Resolutions could not have Congress, of its power to protect the adjudicate shared and did not share, and which the Opposition of Kentneky as a party sternly reject and condemn.

Trights of Southern meu egainst a set of Abolition oue could have looked and listened upon the occasion without understanding why the Rav. Mr. Sun-In our judgment this does not admit of a shadow of a doubt.

It is the fairly and squarely. Let them show them not is deeply beloved and revered by all his pupils:

AUSE AL AND FLORAL FESTIVAL OF THE HENCY

When the Convention of the Twenty-second of Feb
angels are heavy and dim, with the world's dust, and

Opposition of Kentacky, is, now and forever, atterly undestrable and impossible with any party or persons who seek, by the action of the Federal Government, through any of its departments, to interface removes, through any of its departments, to interface losses, on recommended the dismissel of two bundless of two bundless of the federal Government, through any of its departments, to interface losses, on recommended the dismissel of two bundless of two bundless of the federal Government, through any of its departments, to interface losses, one recommended the dismissel of two bundless of the federal Governments, through any of its departments, to interface losses, one recommended the dismissel of two bundless of the federal Governments, through any of its departments, to interface losses, and recommended the dismissel of two bundless of the federal Governments, through any of its departments, to interface losses, and recommended the dismissel of two bundless of the federal Governments, through any of its departments, to interface losses, and recommended the dismissel of two bundless of the federal Governments, through any of its departments, to interface losses, and recommended the dismissel of two bundless of the federal Governments, through any of its departments, to interface losses, and recommended the dismissel of two bundless of the federal Governments. The area of the federal Governments and the federal Governments are considered to the federal Governments. The federal Governments are considered to the federal Governments and the federal Governments are considered to the federal Governments. The federal Governments are considered to the federal Governments and the federal Governments are considered to the federal Governments. The federal Governments are considered to the federal Governments are considered to the federal Governments and the federal Governments are considered to the federal Governments and the federal Governments are considered to the federal Governments are considered to the federal Gover Funry declared that "co-operation, or naion, by the when the institution of slavery, it usquestlenship intended to cut off the partians of the Wilmot Provino as well as the advocate of Abolition and the champione of Disanton; and it intended to do for the the third of Disanton; and it intended to do for the third of Disanton; and it intended to do for the third of Disanton; and it intended to do for the third of Disanton; and it intended to do for the countrary in to reduce the resolution to the merest but this declaration. It is not that it. To emprose the countrary in to reduce the resolution to the merest but the form nobody, except the followers of Carrison, proposes to interfere with elavery in the States. If the Couvention, by this solems and peremptory decharation, designed simply to disclaim, on the part of the Opposition of Kentucky, all intention of using with the Garrisontans of Massachusetts, it made itself utterly ridiculous. It employed a twenty-four pounder to shoot a gent. Weres than that, it left mahramed the tiger or where side the goat reposed; for, if, as Judge Nichelas thinks, the declaration applies exclusively to alavary in the States, the platform leaves or makes the question of a unlow with the Black Republicans an open one—the very question of all other which the Convention thought it was closing and which the Opposition of the whole State have (not without a speck of natural aareltation) considered closed beyond the reach of misself and the land delayed with blood.

The characters of Disantors in the date of the subject of the subjects were admirable. Indeed, I doubt if they have often been excelled—aven and the loyalty of the subjects were admirable. Indeed, I doubt if they have often been excelled—aven and her court. The hall was perillated by partially. Impressive, and the loyalty of the subjects were admirable. Indeed, I doubt if they have for the subjects were admirable. Indeed, I doubt if they have for the subjects were admirable. Indeed, I doubt if they have for the subjects were admirable. Indeed, I doubt if they have for the s

parison with the Virginia slave? This is the

octrine of your devoted Damocratic friends."

These remarks are cogent and just. We commend

emocratic powers at Washington, such citizens ar

whole State have (not without a speck of natural assumptions of the whole State have (not without a speck of natural assumptions of the state have (not without a speck of natural assumptions of the state have (not without a speck of natural assumptions of the state). It is a figure of this representation. Judge Nucholar's construction of the platform stuhishes the party. It is a figure of his fine though somewhat eccentric brain. It is as it is assumed that it is an absolute and total miscosception. We discover and repudiate for the Opposition of the State.

ARE NATURALIZED CITIZENE FOOTIVE POLITICAL SLAVES—The Administration and its apoluties as they have only are. This, indeed, is the ground on which the Administration reats its preposterous and periodicus doctrine. The Washington States, one of the three central organs of the Democracy, expression have of the present it have.

In Pruesia nevery mate child is been a soldier. The King has a claim npon him for a certain negative of the control of

whomes the noniminaration waste in progression and prefitions and expense of the Democracy, expenses of the Observation, and the state of waste of greater of waste of milliary day, which is how as delicit. The King has a claim age has for a certain near the state of waste of milliary day, which is how as delicit. The King has a claim age has for a certain near the state of waste of milliary day, which is her and, as the best of the Union.

If a million gain his reading, a the state of the Union.

If a milliary day, which is her and, as there were a contributed in the Particular of the Contact of the Union.

If a milliary day, which is not a contributed or an outrapposite of a milliary day, which is a waste of the contributed of the contributed

that of a born Virginia alayo maccasarily implies, that the disabilities of birth in the case of the forcoolute in the maintenance of those rights.

Donat of Bis devotion to Joint to point to point in search of a party amont willing that there should be added to the maintenance of those rights.

that the disabilities of birth in the case or the foreigner lasts until death, and comprehends in its
degrading cerfdom every kind and character of cervice. This conclusion cannot be availed if this
principle is admitted, and its legical consequences

The editor of the Democrat says the 'truth
the aver suffers by agitation.' Perhaps not; but if the
countervaling right to deprive me of the anjoy
ment of that which is my own.

1 sm, very respectfully, II. MARSHALL.

trum were took him sternly in the interior of the State is admitted, and its logical consequences dony also the right of this government to naturalize the would suffer from agitation draadfully.

The Richmood Whig anggests a very striking illustration to forswear themselves, thus placing our laws of naturalization in the catagety of a flagrant immoral transaction, and making this Government as substrate of perjury.

Indeed, this doctrine utterly emaculates (transaction) and reading the interior of the United States is excited upon a "claim for military service upon to "Claim for military service upon to the United States is a twoffled action in that hav; one to impose obligations of allegiance upon forsign been inhabitants, and to give them an interest and identity in our institutions and nationality, and to protect the government from what might have become the perilose condition of having a large mass of its pepalation on the singer perilose of its form of government, yet utterly exampt from algitance to apheld or defend the government—in other words, that it was a wise measure of eall protection; the other was, to confirm the first by reciprocating the imposed suitants, yet utterly exampt from algitance or placed and interest and identity in our institutions of having a large mass of its pepalation of the state of the protection of the products, and reading the beneficence of its form of government, yet utterly exampt from allegiance to apheld or defend the government—in other words, that it was a wise measure of eall protection; the other was, to confirm the first by reciprocating the imposed suitants and the surface of allegiance with the day of products, and the first of popularity and the products in the interior of allegiance with the day of products and interior of the State protests.

For An editor in the interior of the State protests are designed to the contract for the Country of the Country of

about it.

Lary obligations of allegiance with the daty of protection—to combine self interest and gratitude in
the minds of the naturalized, and thus to knit him
closer to the country of his adoption. The evil of a

New York, and sold by Wilson & Startini, Louis

fold dom 223 Broadway, New York.

To the Bedeuggan and Poisoned Citizens of Kentucky.— You are overran with a deluge of the vitest compounds in the form of "Alcoholic Brinks" that ever emanated from that pest of society, the Liquon Mixis. They are sold to you as a livery, Peschiora and the Mincio, but this, as we have all ready said, does not appear to ma probable. Should it be attempted, and result in a signal defeat of the Austrian forcer, it would be difficult for the beater army to preserve, not Peschiers only, but Mantan and Verona themselves, from the conquerors.

The probability leadership of the German Powers, except the Amstrian contingent, shall be left exclusively to Pressian army would therefore be in future a pressian army, under Pressian army, under Pressian commanders, relading the Pressian army, under which is distilled under inspection of the British Government, is delicately flatured (unlike any other Gin) with some of the most valuable restoratives of

bevarage examt.

BY TELEGRAPH

From the Evening Bulletin. URTHER OF THE WEICK OF THE ARGO St. Jouns, N. F., July 1.
All of the passengers who were absent the steam hip Argo, which was wricked in Trepassy Hay a sw days sires, have arrived here aafe. The ateem ugs laft egain today to bring up the crew and what have anyed from the wreek. The tollowing are the standard of the standard standard to the standard of the standard s was saved from the wreck. The tellowing are the particulars:
The disaster occurred between three and four ofclock in Tuesday morting. The Arge made Cape Pine, learning 12 miles distinct from the coast. The pilot, captain, crew, and all the other officers were called in deck at the sight of hand. The course was changed and made SE, by E. This should have cleared her 15 miles from Pape Race, about a quarter past four o'clock a very dense fog same up. At half past five the captain spoke a shring schooner. He stopped her engines and reversed them, and, hilling the schooler, he asked where are our setting?

Answer—on the custern side of Trepassey Bay, a sile and a half or two miles off. The captain or-cred the helm to be put hard aport, the engines to our full speed and the vessel to be kept SE by the tandard compass. This should have taken her lear in the land. The captain and all the officers ere on deck. The captain and all the officers ere on deck. The

MORTH AMERICAN INNECTS —A book on the Enternal American Innects of the innects of the innects of the innects of the innects of this part of the world. Among other infects, a portion of the world. Among other infects, a portion of the world. Among other infects, a portion of the world. LOUISVILLE JOURNAL. mation and habits of the insects of this part of the world. Among other insects, a portion of the work is devoted to the becale, in its neveral varieties; and the important fact is disclosed that the tiny bestle the insert of children as the lady-bird is the datermined anomy of the plant lice. "Persons who have plants in their conservatories, infected with plant lice," any the author, "mill easily get rid of them, and repeated the point of the plant lice," any the author, "mill easily get rid of them, and repeated the plant lice," any the author, "mill easily get rid of them, and the plant lice," any the author, "mill easily get rid of them, and the plant lice," any the author, "mill easily get rid of them, and the plant lice," any the author, "mill easily get rid of them, and the plant lice," any the author, "mill easily get rid of them, and the plant lice," any the author, "mill easily get rid of them, and the plant lice," any the author, "mill easily get rid of them, and the plant lice," any the author, "mill easily get rid of them, and the plant lice," any the author, "mill easily get rid of them, and the plant lice," any the author, "mill easily get rid of them, and the plant lice," any the author, "mill easily get rid of them, and the plant lice," any the author, "mill easily get rid of them, and the plant lice," any the author, "mill easily get rid of them." mation and babits of the insects of this part of the world. Among other insects, a portion of the work ervs their plants, by putting a number of ladypreserve their plants, by putting a number of lady-birds or their grobs upon the plants." The author says the lady-bird is a remedy for the toothache.

An amusing instance is given of the enthusiasm of General Count Dejeau, Aid-de-Camp to Napoleou rious andt not very agreeable fact is men bed bug-namely, the faculty it has of living for eix geory sethour blood. It is painful to hear that this anostiable blood-sucker can live for even six weeks

ander any conditions. The home of this carious creature is the prickly par, and for many conturies he was regarded by very hody as nothing more than a grain. His red and purple juice had been the fortune of many command arraved in the brilliant and beautiful column arraved and purple juice had been the fortune of many as me, and arraved and purple juice had been the fortune of many as me, and arraved in the brilliant and beautiful column and properly of matrimopy. But when, in 1662, a removated French naturalist pronounced this colored grain again to be an animal, the nation laughed him to accora, and the fact was not admitted until it was decread by which are taken to the colored grain again to be an animal, the nation laughed him to accora, and the fact was not admitted until it was decread by the fact that it may be preserved "for hundred of years." How it we work so praise will clearly prove. The pair was on the budy of the supplementation of the stack apon that worth price will clearly prove. The pair was on him to cora, and was finners on the two there is the price was on him to the stack and the stack and

sentury. It was on the plan of a squirt-gue. Two shouts. The poor padre burst into the fe Deam in token of gratitude fe padre. Cuellon, bowerer, side not fright had too serious an "first upon the power of the powe ering the nozzle into a vessel of water and directing It to the fire, the other pushing at the piston. The New Hampshire House of Representa-

has 325 members—the largest number of any State in the Union.

on, applicable to steam engines, and called the motives of the New York Cantral Railroad. One of them is applied to the locomotive "Willink" on the Western division. The result of this application, frish we learn from the Rochester Democrat, is as fol-

motiva engines on the Western division for the month of Mny, we find that the "Willah," was run 3,696 miles, using 36½ cords of wood, or I cord to 161 26-100 miles—the most economical machine on

Compared with the "W. W. Corceran," a machine Precessely similar to the "Willink"—bault by the hailed alongsin as me makers, of the same size and power, and engaged in the same business on the same road—the saving of finel and oil is surprising. The "Willink" ran 191 26-100 miles for each cord of wood consumed, and the "Corceran" ran only 49 20-100 miles. The "Willink" used I pint of oil in running 80 35-100, while the "Corceran" ased I pint in running 145 83-100. In April the "Willink" used only I pint of oil in running 117 miles. sa The following is from a Naw Orleans letter to

An extraordinary carcinometes occurred or Inni-day last at an examination of a public ecool in the Third District. A large number of ladies were parasels and they had deposited their beenets, veils, parasels, etc., in a room up starrs. When the cera inonies were over they found that their veils and parasels had been carried away and their bornest tern to pieces and centered away and their bornest learn as phickly strawnish forements of bene-

The world so worships sherry wine that I feel it my duty to go and see where it comes from—the backedan where it grows, the Bodagus—wine stores where it is put up and educated, yes, educated, I mean—fir wine is educated as well as boys and girls. You cross the Cadix bay in a little steamer, and you then take a railroad to Xeros or Sherish, an hour and a half distant—and then you are there among the Bodagus, and not far from the haciendas. The vises are all about you, and if they are therry vises, they look just like other vines. The ometry all around Is rich and beantiful, and in high cultivation. But nobedy drinks sharry wine here, for Spariarly neither like its strength nor its price. The hot Andalusian only puts fire into the vice, 20 or 28 per cent, of alcohol, it is said, where as champagne and claret have and yl? per count, and men in a bot country, such as is South Spain, like not fire, as some in a cold country like England, Scotland, and Ireland.

The "elsephant" in Xeres is the great Rodega, wise vasit of P. Donnecq, or of Charles Gordon. They who enter them sobre seldom come out, it is asid, otherwise than drank, as they are deluded into tasting of all the various kinds.

The "elsephant" in Xeres is the great Rodega, wise vasit of P. Donnecq, or of Charles Gordon. They who enter them sobre seldom come out, it is asid, otherwise than drank, as they are deluded into tasting of all the various kinds.

The "elsephant is a strength to the server of the seldom has been able to the seldom has a content of the old into a revery precious, and all you are allowed in a bare taste. These old butts have grand names, the name of herose or great a rente, and the greatest veneration is expressed for their capacity and age.

gives some advice to people who like to sport on The water, which is just as appropriate in this vi-

the water, which is just as appropriate in this vicinity:

At this season of the year, when pleasure sails on
the rivers are very common, and captizes and other
accidents frequent, a word of advices may not be
improper. In times of accident self-possession is
of the numed importance. With presence of mind
man may contain himself in deep water for neveral
hours by placing his hand upon a small board or
row our, and fining with it. A small board or
row our, and fining with it. A small board or
row our, and fining with it. A small board or
row our, and fining with it. A small board or
row our, and fining with it. A small board or
row our, and fining with it to tide. If the
craft capble of carrying six persons in her, when is good or
an indefinite length of time if they put their bands
upon her and float with the tide. If the
craft capsizes she is even more brownt than when full of
water, and would sentain and carry safely to shore
half a dozum men who could not awin, if they did
no more than put their hands upon her and thus
prevent themselves from sinking. Never attempt
to swim ashore alone as long as you are within
reach of the bout and she is afford, but stick to ber
like a leech, and guide her to the shore by the nes
of one hand and your feet. More persons are
drowned from fright than in any other way. Remember that fact, if you get cast into the water
atick to the ship while there is a plank left to tide

Mr. Belly Returning to four number of har nother. This we apticed not a phone of her there was no presented to the

MR. BELLY RETURNING TO FRANCE.—Aspinucall,

RAISING SUPERIN Venues at Semantopol.—One
of the parties engaged in raising the Russian ships
cank at Sebantopol writes to a friend in Boston in
reference to the progress of the work:

I have raised, whole, 13 or 14 steamers and vessolved varieus rizes, and broken to picces and ramoved 14 or 15 more, and the work goes bravely on
and will continue to a successful completion. I have
one fine converte sound as a dollar and in good condiction to repair, but I shall not repair ber; I had
better wait until I take np a first class frigate, one
of 60 gana, then I shall put her in complete repair
and sail har down the Mediterranean and sell her to
some needy Power who desires a ready-made navy,
I can anapply anything to order in arral warfare—
achooner, brig-of-war, war utenmar, corvette, figure,
order. Some time when joue fails at it, go ovar to
the Navy Yard, to so beard a frigate, look all over
and capacity I use to start them up when they are
under water.

MR. Belly Returning to France.—Aspinucall,
Tucaday, June 21, 1859.—The British steamer Medway, with Mone. Belly on his return tip to France
